# President's Christmas Message

*The weather out there is getting colder and the ground is starting to freeze, so for the die hard detectorists you will have to sharpen that pick before the snow is on the ground.*

*I would like to thank Bentsen Moss for his wonderful presentation on love tokens. I hope many of you have an improved appreciation for their beautiful designs and history. Bentsen asked me to make a correction from his presentation, during his amazing treasure hunting career he has found close to 30,000 coins not 300,000, but he is still working towards that 6-figure number.*

*I would like to thank all NUTS club members and this years officers for your dedication and support this year in making 2009 a great success. It has been an honor and privilege being this year's club president. Thanks!*

*Here we are into the month of December a time that can become very busy and frantic to find the best deal for a gift or being able to find all the items on the list for family and finds. But remember the true meaning of Christmas is not materials and commercialization; it's about the gift of love we give to family and friends and the love we receive in return. For when the time comes in life when are journey here is complete, the love we give and receive is all that truly matters.*

*I look forward to seeing everyone at this years Christmas dinner on December 10<sup>th</sup>, we will have a wonderful time with family, friends, food and lots of prizes. Keep searching for that gold coin it may be under the Christmas tree this year.*

*Merry Christmas and Happy New Year*

*Todd Monson*

# NUTS MEDAL DESIGN

NUTS members it is time to submit your designs for the 2010 club medal. There is no specific theme required for the medal . Photographs may be used for a design as well as artwork. ## MEMORANDUM

DATE: 23 October 2009

FROM: WARREN NEWMAN

TO: TODD S. MONSON, President, National Utah Token Society

RE: Appreciation

Please accept the deep appreciation of the Buffalo Bill Historical Center, and my personal gratitude as the Curator of the Cody Firearms Museum at the Historical Center, for the National Utah Token Society's gift of your splendid 2009 gold select club medal honoring the greatest firearms designer in history, John Moses Browning.

Lee Haines, Director of Public Relations, has transferred custody of this very impressive gold and silver medal to the Firearms Museum, after learning that we would like very much to display it in our Browning Gallery, which features many of the earliest prototype firearms created by John M. Browning. Once on display, it will be accompanied by label copy describing the medal in detail, and a statement of its donation by your Society.

Your gift is a generous one, and you are making it not only to the Historical Center but also donating it for the viewing pleasure and enjoyment of our more than 200,000 annual visitors, including tens of thousands of school students who can learn an important historical reality from its display.

Thank you, very much. Our very best regards to you and the members of your Token Society.

Warren Newman
